“ Connie was an amazing gift to all of us. Even though so much time would pass between the times I would get to spend with her, she always let me know I was important to her and that the love is always there. My sweet cousin will be missed dearly. I am so thankful my kids were able to meet her and listen to her stories last Thanksgiving ❤️ Condolences to her children and grandchildren that she absolutely cherished and keeping Chessnie in my thoughts as well. Love you Chessnie, feel free to reach out anytime.

“*Connie was a woman who's bluntness and stubbornness I respected. Although we didn't know each other very well, and actually got into an argument one time, I respected her. She would tell you how she felt about something and held her head high with her determination. I liked that. She loved her family and went out of her way several times just so she could help them out. She even went as far as helping out her families friends, of which I was one of those. She was stubborn yeah, but she was full of love, care, and good intentions too. As a single mom, I saw a lot of Connie in myself in ways. I'm so sorry she left too early. But I also remember her being in a lot of pain and problems too with her health. She can finally rest now, and I pray that her family can have some peace of spirit that she's not suffering anymore.*”
