“*Uncle Butch was always loving to me, never cross at anyone. He had a gentle Spirit that was infectious. He always kissed me on the cheek and said "I love you baby girl" even as an adult. Butch worked for dad so I was able to see him often and living in Purcell I saw Butch often most often while he was working for City of Purcell. It did not matter if he was using a shovel or in a bucket truck. He shut it down to come down and give me a kiss. We will be dearly missed.*
