

Hayden Cole Johnson

February 15, 1996 - October 6, 2023

Hayden Johnson age 27 passed away unexpectedly at home on October 6, 2023. Hayden Cole Johnson was born on February 15, 1996 in Norman, OK to Sonja Michel Jetton and Michael Scott Johnson. Hayden grew up in Purcell, attended school there and graduated with the Dragon Class of 2014. After graduation, Hayden attended classes at OCCC, worked for AT&T, Southwest Airlines, and most recently for Apple. Hayden was truly the life of the party; he always lit up the room with a smile and a laugh. He loved spending time with his friends, makeup, traveling and swimming. He was a music lover and attended concerts any time he could. Hayden was unapologetically himself and lived his life true to his own heart. He was a beloved son, brother, and friend to all who knew and loved him.

Hayden is survived by his parents Scott Johnson of Purcell, OK, and Sonja Foster and husband Dustin Foster of Slaughterville, OK. His brother Harrison Johnson of Norman, OK, and a host of friends who will miss his light in their lives.

A come and go memorial will be held at Wilson-Little funeral home from 9am-7pm on Thursday October 12, 2023, and Hayden's family will receive guests from 3pm-7pm. The family is also putting together a celebration of life that will be held at a later time. Condolences are also welcomed online at www.wilsonlittle.com

“ Hayden was the brightest star in the sky. I knew him more when he was younger, before I had children of my own and lived so far away. I regret that I didn't come down more often these last few years. He was always so smart and such a joy. The way he gave you those looks like his mama and that bright smile, and what a sense of humor!!

He left his mark, and loved and was loved, and wow did he love his mama, which touches my heart. I love you, Hayden. I love your family. I know I didn't express it much, but I talked about you all often and your spirit will carry on through your family and friends and the memories you made. You left a huge impression on those around you.

If I could paint a picture of what I think of when I think of you, it would be a big huge smiley face! :-). Thank you for letting your light shine and sharing your love to everyone you met! They were blessed to have known you.

“ It's quite rare to encounter people who treat those around them with such a special kind of kindness and warmth, no matter who is around them. That's exactly what Hayden did every day for those whose days were brightened up by his presence and honest warmth. The people who knew him will remember the example he set for how to uplift others and be such a reliable beacon of positivity for friends, family and acquaintances.

As a coworker of Hayden's for two years, there was not a single time I witnessed him falling short of treating each and every person with whom he crossed paths with the utmost respect, kindness, understanding, empathy and positivity. He made the people around him feel better about the day simply by having him in the room. That will always mean so much.

“ Truly the sweetest little soul. Sweet little babe always knew what to say to make you smile and his smile absolutely lit up a room. He really loved making everyone around him feel loved, heard, and appreciated. A true gem. I always knew Hayden was amazing but I think I truly fell in love with him while serving him and his mother lunch one day. As loving as he was with everyone, it was clear to see that bond. My thoughts, prayers and good vibes are with you all, especially you, Hayden's mom. ☐

“ I met Hayden working at Apple. We got to hang out listening to his favorite Punk Rock songs. We also hung out going out and dancing the night away. Hayden would go out of his way to give me rides to work. He would drop me back off I will always remember his kind spirit and outgoing personality.
