“ It’s hard to pick just one memory with Jayci.. we have so many memories over the years it’s going to be so hard to not create anymore but one of the best memories would have to be us going down to the city and riding scooters and we were both a point in our lives where we weren’t sad but we weren’t the HAPPIEST we could be but we had each other so it made it alr and we have Vinny (bless his soul) take pictures of us and took silly pictures cute pictures and just let go and we’re so happy just to be around each other and I will never forget the feeling of never having to hold back anything and just be our self as weird and as crazy and as funny as we wanted to be Jayci and me we’re always laughing together it was never a dull moment together in her last weeks she would call me for anything and everything I never knew that would be the last time I would say I love her or the last she would ask me to come over I love you Jayci dawn I’ll carry you with me always..

“ I miss you so so much Jayci 🥺❤️☐ you were the best friend a girl could ever ask for and I am truly honored to be blessed by knowing you. I will never forget all of the amazing memories we’ve made together over the last 8 years between being children ourselves, and then raising our own. Youve always been there for me whenever I needed it, and I to you. It’s been really hard not being able to talk to you or to see you anymore but I know you would want me to do my best to stay happy and care for my littles. I love you sooo so much ☐ rest easy sweet girl.
