Jim Fisher, age 70 of Tuttle, passed away Sunday, October 31, 2021, at the OU Medical Center. James Edward Fisher was born September 28, 1951 in St. Louis, Missouri to Leroy Edward Fisher and Joyce Evajean (McGough) Fisher. He was raised in the St. Louis area, graduating from Pattonville High School in Bridgeton in 1969. Just a few months later, on October 18, 1969, Jim married his best friend and life partner, his high school sweetheart, Elizabeth Mary Borowski. Jim worked a couple of jobs, before starting work for General Motors in St. Louis. He was transferred to the plant in Oklahoma City in 1979, and they made their home in Moore for a few years, before settling in Tuttle in 1985. Together they raised two daughters, Joyce and Stacey. When he wasn't working, Jim was probably watching professional wrestling, classic car shows or baseball. “ *What can I say about my ex-father-in-law!?!??? Without his love, I would have never married his daughter, added Haylee as daughter, nor would we have our little Anelie! He was a wonderful man. A man a greatly looked up to and valued and enjoyed our talks, especially when it came to music!! My favorite memory of Jim, was the time he had asked me to order him some new bass strings. Jim was never comfortable ordering things online. When the day came for his delivery, a beautiful Fed-Ex driver came to the door to hand deliver the strings. When he opened the door, she said, "I just had to knock to I could meet the Big Bad Bass Daddy!!" Jim was a little perplexed by this and then looked down to see the package addresses to Jim "Big Bad Bass Daddy" Fisher!! We both had a great laugh about that! He was always good for a laugh and I know we had many great talks that led to happy tears. He will be missed, but he will always be here in our hearts and our memories! I know you are enjoying your time now with all of the old Cardinal greats! Until we meet again! Love always,  
Sonny*

“ Jim from day one we could spend hours talking about baseball. Cubs or Cardinals it didn't matter. Baseball will never be the same for me as I lost a friend and a wonderful father-in-law.

“ I worked with Jim for a dozen years or so at GM. I'm so very sorry for your loss. We shared a love of music and always had the radio on 107.7 turned up full blast to hear over all the machinery and a good bit of Chassis. We always had some bit of Rock and Roll trivia to talk about. He was a natural at telling stories and practical jokes. Jim made the days, weeks and years all fly by. He will be sorely missed by myself and his many friends he had at GM.
