“ We are so very sorry for your loss. May your mother rest in peace. Judy (Mammaw) always welcomed myself and my kids in her home. She treated us like her own family. My fondest memories of her are spending Easters at her house. She just wanted you to show up. She had toys for all the kids on Easter and it brought her joy seeing her family eat all her good food and just being together. I'll always cherish these memories 💖
