“ *My husband used to work with Kenny back in the 80s and 90s at Johnson Controls or used to be York back then. We used to get together all the time with him and his then wife Pam and bowled on a league together. Even went to Las Vegas where he was really lucky and we used to tease him and said beginners luck. We lost contact with him when My husband went to college and eventually left York. We were shocked to hear from a friend of ours who works there still that he had passed. We are sad to hear of his passing. He was such a great guy. Our condolences to his family*

“ *I met Kenny the first time when in Oklahoma with his son and my daughter. Kenny loved his grandkids and his great grandkids. He made a trip to visit his grandkids last Christmas and was expecting to come this year. I am deeply saddened by his passing and I prayer for his family and grandbabies.*
