“ Mark was a colleague of mine, but more importantly a Friend! Always respectful and supportive, and putting the relationship above business. We would talk about a million other things other than work, but still managed to get it all done. An amazing man that I will miss having the conversations with. Thoughts and prayers to all his family during this time and the years to come. Know that he was one of the "good ones", as I am sure you are well aware!

“ Mark spent countless hours on the phone with my wife and I discussing family, work, politics, and sports. We had a bunch of laughs and we called him family. He began as my boss in Oklahoma three years ago and then I moved back to Texas and he became my boss again through some changes in the company. Mark was a good friend and mentor at work and he will be sorely missed.

“ Mark was the one of six cousins that moved far away from his home town, yet always made sure his extended family could keep up with his life through social media. He reached out during tough times, and shared his own struggles as a way to help. It's hard to look back and appreciate all that he had to give without feeling like there were missed opportunities to say "hello" and catch up more often than we did. I'm glad that he was so loved and appreciated by so many people. Rest in peace cousin!

“ Mark,
Thank you. You were one of a kind. You were always supporting your daughters dreams. You had an infectious laugh and smile! I'm very thankful softball brought Michal and I together. Which is how you became involved in my life as well!
Sending my sincere condolences to the family.

“ A man who truly cared for others and was always there for you. A smile that would brighten your day and heart that gave you warmth and a feeling all will be okay. Ill never forget the times we had together, we had a lot of fun, from accidentally missing my mouth when taking a drink and laughing till we cried, to having deep conversations about life's lessons. As he would say I miss your face making me laugh, lol. A sweet soul has went to his forever home, but will never be forgotten by me and MANY others. 💔

“ Mark was a great mentor and friend!! OH the times we had over these last 3.5 years, I will never forget. He could be such a character at times and yet would listen and provide his profound sense of direction, experience and guidance when most needed. I will truly miss our talks about work, but mainly how awesome our talks were about family!!! His love and admiration for Jennifer and his family was everything to him.

There won't be a week that goes by that I won't think "what would Mark do?"

For this time, I will be forever grateful and am thankful I got to be a little part of his along with Jennifers life.

My you rest in peace my friend!!
