“ *I remember when we were kids, Terry coming down to Grandma's house we hiked to the river, hauled hay and went to the skating rink. I looked forward to those times and remember them fondly. We didn't see much of each other after reaching adulthood but when we did He always greeted us with a smile. My sincere condolences to the family. Kent Thurman*

“ *Having an uncle like Terry was one of the best things a kid could ask for, he was thoughtful, kind, always cared about you and your family. When the kids had a ropin, a stock show, or a ball game and he was in town he was there with bells on!! Matt and I are so lucky to call him our Uncle Terry!*

Terry was the nicest guy ever! Always had a smile on his face and so pleasant! He was one of the best dancers ever—so light on his feet! What a gentleman!
